

12/13/2003 EAST inventor name search

The screenshot displays the EAST! software interface, which is divided into several functional areas:

- Top Bar:** Shows the application name "EAST!" and the current workspace "[Flat Panel LANDSCAPE] backup.wsp.1".
- Left Sidebar:** Contains navigation icons and a list of document states: Drafts, Pending, Active, L1: (12) "Bleck Martin\$", L2: (5) "Haugan Kenneth CS", L3: (2) 12 not 11, L4: (3) "Radloff Larry RS", L5: (0) 14 not (11 or 12), L6: (17) "Geyer Harry\$", L7: (12) 16 not (11 or 12 or 14). Below this are icons for Failed, Saved, Favorites, Tagged (0), UDC, Queue, and Trash.
- Main Window:** A large central area for viewing documents. It includes a toolbar at the top with buttons for Search, List, Browse, Queue, and Clear. Below the toolbar is a search bar containing "USPAT:USPPRUB" and a "Default operator: OR" field. A checkbox labeled "Highlight all hit terms initially" is also present. The main window itself contains a large, mostly blank area, possibly for displaying search results or document content.
- Right Sidebar:** Features a vertical toolbar with icons for BPS form, SAR form, Image, Text, and HTML. Below these icons is a section titled "Document ID" with columns for "Issue Date", "Pages", and "Title". Further right, there are tabs for "Current OR", "Current XRef", "Retrieval C", "Inventor", "U", "S", "C", "P", and "PT".
